Inquiry-based learning (also enquiry-based learning in British English) is a form of active learning that starts by posing questions, problems or scenarios. It contrasts with traditional education, which generally relies on the teacher presenting facts and their own knowledge about the subject.Inquiry-based learning is often assisted by a facilitator rather than a lecturer.

Try to limit COVID-19 media exposure to no more than twice a day (e.g., checking for updates in the morning and before dinner) and try to avoid reading about COVID-19 before bedtime. Take a vow to not forward (and thus propagate) alarming headlines to friends and family. The media often creates an exaggerated impression of global panic.
